Dear Hiring Team,
I trust this finds you well. This is Bipul Deshar and I am writing this email to express my interest in the **Dot Net** internship at Spiralogics.I have completed my Bachelor degree in Software Engineering from Nepal College of Information Technology, over the years, I gained the strong foundation in programming languages such as C, C++, java alongside with the strong foundation of OOP (object oriented programming), DSA (Data Structures and Algorithm) and also gained the proficient knowledge in Database (SQL).I believe I have solid understanding of those terms.

Throughout my academics career, I have created several undergraduate projects. I have prepared a Github Repository where I have contributed most of undergraduate projects and self-practice projects. You can find collection of these project in my Github Repository is:
https://github.com/Bipuldeshar1.

Taking about familiarity with Dot Net I have been learning the asp.net core MVC from past Months and have good knowledge of dot net and c# basics. Including the knowledge of entity framework core and Identity framework. I have made few basics projects in dot net at the period of learning which is included in my Github repository. https://github.com/Bipuldeshar1.

Additional to that, I completed two month Web API Development Course at NCIT, where I gained valuable experience in creating backend REST APIS. Furthermore, I have done Flutter mobile application development training at Broadway Infosys through NCIT (certification of course). The combination of my academic background and practical experience positions me as a dedicated and qualified candidate for this internship.

I have attached my resume for your review, which provides further details about my academic achievements and project works. I believe I would make an excellent addition to your team. This joining would help me grow my experience in the technology industry and help me further develop and refine my practical Knowledge and skills.

I am available at your earliest convenience to provide any additional information you may require. Thank you for considering my application.

Warm regards,
Bipul Deshar
